PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 18th April 1959

SUBJECT:—*Withdrawal of concession on import of perfumery compounds n.o.s. under licences for S. No. 130/IV.*

No. 27-ITC(PN)/59.—Attention is invited to remarks (i) to (iii) against S. No. 132(d)/IV in Section II of the Red Book for April–September, 1959, licensing period, stipulating that the quota entitlement under this sub-serial number will be calculated on the basis of imports of only such items, which were imported against licences for synthetic essential oils falling under S. No. 130/IV during any of the three financial years 1955-56, 1956-57 and 1957-58, but were assessed by Customs as perfumery and on which a duty of 75 per cent. *ad valorem* was levied and paid. Quota licences for this sub-item will be valid only for such articles which satisfy the criteria laid down in remark (ii) thereof.

2. Consequent upon change in the Tariff classification in May 1954, certain products were excluded from the purview of Synthetic Essential Oils (130/IV) and were classified as coming under perfumery compounds falling under S. No. 132(d)/IV of the Import Trade Control Schedule. But certain products which were imported as Synthetic Essential Oils prior to May, 1954 and were subsequently classified as Perfumery Compounds were allowed to be cleared against licences for Synthetic Essential Oils falling under S. No. 130/IV as a concession. In view of the provision now made for the import of perfumery articles under S. No. 132(d)/IV in the Red Book for the current period, the said concession of allowing certain perfumery compounds against licences for Synthetic Essential Oils has now been discontinued with effect from 1st April, 1959. The concession will, however, continue to be applicable to imports made against licences issued for October 1958–March 1959 licensing period or any earlier periods.
